TWO OPEN EARLY-STAGE RESEARCHER POSITIONS COMING SOON

Organic Synthesis & Materials Characterization

LIQUID CRYSTALS

Join the **Liquid Crystals and Polymers Group (CLiP)** at the **Instituto de Nanociencia y Materiales de Aragón (INMA)**, a Severo Ochoa Centre of Excellence, and contribute to an exciting public-private collaborative research project focused on the development of novel liquid-crystalline materials

We are looking for **two highly motivated early-stage researchers** with a background in organic synthesis and materials characterization, and a strong interest in working in a highly multidisciplinary research environment.

POSITION DETAILS

- **Number of positions:** 2
- **Contract duration:** Up to 3 years, depending on the starting date.
- **Location:** Zaragoza, Spain.
- **Starting date:** Expected January-February 2027.

REQUIREMENTS

- MSc degree in Chemistry, Nanoscience, Materials Science or a closely related discipline.
- Knowledge of **organic synthesis** and **characterization of materials**.
- Strong motivation, initiative and ability to work independently and in a team.
- *Previous laboratory experience in organic synthesis and/or materials characterization, as well as knowledge or experience in liquid crystals, will be considered an asset.*

WHY JOIN US?

- Participate in an innovative public-private collaborative research project.
- Access to advanced research facilities and characterization techniques.
- Work in a highly multidisciplinary and collaborative environment.
- Develop your scientific career at the interface of organic synthesis and functional materials.
- **Opportunity to pursue a PhD thesis within the framework of the research project**.

GET IN TOUCH!

We anticipate opening two **early-stage researcher** positions in early 2027. The official calls for applications will be published in due course, including detailed information about the application procedure and deadlines. If you are interested in these opportunities, we encourage you to contact us **in advance by sending your CV and a brief introduction of your research experience and interests**.
